*Dear Damaris,*

*I thoroughly enjoyed your presentation at the American Holistic Nurses' Association meeting last night. Although I arrived in the middle of it (please accept my apology for the disruption) you introduced me to something that touched me very deeply. I can't explain how wonderful I feel today. I will be attending one of your workshops in the very near future.*

*In the meantime, I look forward to receiving the words to the affirmations you shared with us. I want to share them with my family as soon as possible. You have my business card with my home address.*

*I just want to thank you for sharing last night. I will tell all of my friends about you and your workshops.*

*Wishing you good health, great wealth and complete happiness.*

*Sincerely,*

*Karen D. Rizuto*
