

Awareness Center

January 20, 1992

To whom it may concern,

I highly recommend Damaris Drewry as a speaker, workshop presenter and singer. Damaris was a guest speaker for our Sunday service on January 5th and presented a workshop that afternoon.

Her lesson on Sunday morning was comfortable and positive. Her songs were a delight. The workshop was well attended and enjoyed by all who attended.

The Awareness Center is a New Thought Church and a member of the International New Thought Alliance and we found Damaris's message to be an excellent contribution within this philosophical framework.

Peace and Blessings,
