Dear Damaris

Thank you, thank you for your wonderful presentation to the Institute of Noetic Sciences Community Group on Friday night October 6, 2006. I was amazed at our turn out – more new people than ever – and, from what I heard - people were really excited about your topic “The Human Voice in Energetic Healing: Techniques based in Shamanism, Quantum Physics and Energy Psychology”. According to the feedback I received from those present, everyone loved it. You presented reliable and cutting-edge material in a gracious and comprehensive way and we all thank you for that.

Your presentation – light, fun, serious, informative, and stimulating, all rolled into one – was really well received. I would suspect that there are many people who will now follow up with you for healing and to learn how best to use their voices to return to a state of health and well being

So, again, thank you for providing us with new (yet ancient) knowledge to the quantum field of well-being!

Sincerely,

Susan H. Cooper
